Dear Colleagues and GASCO Member:

On January 9, 2016, GASCO is providing an educational program for the cancer community to review the most significant findings presented at the 2015 San Antonio Breast Cancer Symposium. This review will be held at the Atlanta Marriott Buckhead Hotel & Conference Center in Atlanta, Georgia. The Clinical Director for the Program is Dr. Ruth O'Regan, formerly of Emory's Winship Cancer Institute. Dr. O'Regan has led this program for GASCO since its inception and is now the Division Head, Hematology/Oncology, and Associate Director of Faculty Development and Education, University of Wisconsin Carbone Cancer Center. Enclosed is the complete agenda for the meeting pending final selection of the abstracts from the San Antonio event. The GASCO Board is excited to bring together this excellent faculty for this event.

This has become a very popular meeting and we expect the spaces to fill up quickly. Please go to GASCO's website <http://www.gasco.us/meetings> to register for this year's meeting or complete the attached registration form.

There is no charge for this meeting for members of GASCO, which includes physicians, members of the GASCO Administrators' Association, affiliates and the Cancer Patient Navigators of Georgia. Fellows and medical students may also attend free-of charge.

We look forward to seeing you in Atlanta for a wonderful educational and networking opportunity.

Best Wishes,

Melissa Dillmon, M.D.
President
