

ADDRESSING **Disparities** IN CANCER CLINICAL TRIALS

A one-day summit for Georgia's oncology community

FRIDAY, Sept. 30, 2022 • 8:30 a.m. – 4 p.m.

Mercer University • University Center (President's Dining Room)

1501 Mercer University Drive • Macon, GA 31207

For research integrity and health equity, cancer clinical trials must have diverse participants.

But it can be challenging to attract and enroll Georgians who are traditionally underrepresented by ethnicity, race or socioeconomic status, or who are underserved in rural areas.

The summit offers advice from experts and shared experiences with oncology providers, patient navigators and research managers – all to give you new ways to diversify participation in your trials.

REGISTRATION

\$35 for GASCO members

\$75 for non-GASCO member and
pharma/medical representatives
